

MINI SNAPRAIL™

step 1

Insert banner clips into both ends of the MINI SNAPRAIL™ to create hanging points.

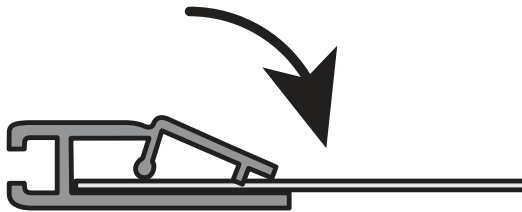

This is only necessary on the top MINI SNAPRAIL™.

step 2

Place the MINI SNAPRAIL™ on a flat surface. Open the hinged "door" and fully insert the sign stock.

MINI SNAPRAIL™ is designed to close easily only when sign stock is inserted as shown. Use on light stock up to .020" thick.

step 3

Close the hinged "door" to lock the sign into the MINI SNAPRAIL™. Start by pressing down in the center and working towards the outside.

step 4

Hang your completed sign. The completed unit should resemble this illustration, which shows a MINI SNAPRAIL™ in position on both the top and bottom of the sign, and hung with suction cups with hooks.
